Common names like Mary and John are not good choices as they are most likely already in use.  
Common abbreviations like 'jsmith' and 'mjones' are also likely to already be in use.  
We suggest using your full name (without spaces) or email address as they are more likely to be unique.

Welcome to the Protecting God's Children® Program.

This module is constructed around multiple-choice questions that apply and reinforce certain principles that further the goals of the program. After you select an answer to each question, you will be prompted to read an overview of the relevant issues addressed in the question. Then, you will see the same questions, again, and be prompted to either accept your original answer, or to change your answer based on the information provided.

Each wrong answer will provide additional background information designed to help you select the correct answer.

It will take approximately 60 to 75 minutes to complete the training.

Now, let's begin with the first question.
